

# God is not a he or a she.

*By Richard Goyette*

God is not a he or a she.

God's the best of everything, including me.

God's the best dad, mom, brother, sister, and everyone else.

God's the best version of me, my highest self.

There is only one God, including me and other me's.

There are no them's, only we's.

I am never alone.
